

"Ikalimang Yugto, Isang Pusong Para sa Larong!"

By: Rommel Gil Raz, (PD5/Subaru)

"Ikalimang Yugto, Isang Pusong Para sa Larong!" is the theme for the 5th season of Lima Technology Center's Sportsfest 2019. An Annual Sports competition for company within Lima. Football and Table Tennis are the new entry for this year's event. The festival had an open ceremony last March 22, 2019 and lasted for two months. Our company Furukawa Automotive Systems participated in different event such as Basketball, Volleyball (Boys/Girls), Badminton (Boys/Girls) and Chess (Boys/Girls). Each participant battle for two months to determine who's on top. Each team aimed for victory. But at the end there can only be one team who will surpassed the battle and be the so called CHAMPION. June 15, 2019 was the last day of the sports festival. Title fight happened at Mt. Malarayat Golf and Country Club. For FALP representative, they competed for championship in Volleyball

(Boys), Chess (Boys) and Badminton Event. While our Volleyball and Chess team for girls competed for the 3rd place. The game was played with heart, every participant gave their best and played the last game with all their

effort. At the end of the Sports Fest, Furukawa got a medals and trophies for the following categories:

- Volleyball Boys - 1st Runner-up
- Volleyball Girls - 2nd Runner-up

Badminton Mixed Double - CHAMPION: Jenn Jenn Delos Reyes (Mazda) & James Patrick Anor (Equipment)

Badminton Female Double Team B - 1st Runner-up: Jenn Jenn Delos Reyes (Mazda) & May-Ann Balba (Suzuki)

Badminton Female Double Team A - 2nd Runner-up: Katherine Cabrera (Toyota & Suzuki) & Ingracia Sangalang (Mazda)

Chess Male Category - 2nd Runner-up: Ronnel Trivino

Chess Female Category - 3rd Runner-up: Joy Andaya & Janice Abandon

ment. Congratulations to all the winning team, Congratulations to our Furukawa Team!

Let us celebrate and be grateful of our teams' achievement.

Torii Sensei, The Last Visit

By: Mary Joy Quat (NF Kaizen)

Last June 24, 2019 Tomoyuki Torii made his 12th and last visit in Furukawa Automotive Systems, Lima Philippines, Inc. Also famously known as Torii sensei, he has been coaching our managers from 2014 about the concept of TPS (Toyota Production System). He has been a big instrument in various changes and improvement in Production such as the Pull and Straight flow system, Kanban, Just-in time, Material and Product conveyance, manpower reduction thru Jishuken, QA network resulting to defect reduction and FAS 3 layout. Main improvement in Warehouse were the reduction of space and manpower by utilizing high rack and high-rise rack.

Philippines". This means that FEAP and FALP must work together and support each other as One Company to achieve SUCCESS! As gratitude to his 5 years of support and kindness, each department gave souvenirs followed by farewell dinner. He appreciated all the team efforts, teamwork and wishing all the best for FALP.

items and how to improve it, but the most inspiring is achieving the "One Furukawa

APQP Team Launching! J20E and D94L

By: Jeremie Pitargue (PE/MPPD)

June 10, 2019, Production Control Supervisor, Ms. Haedi Pabellano facilitated the launching

Daihatsu D94L

of APQP Team for the upcoming new models of Daihatsu and Mazda. FALP received the business to produce harness such as Engine, In Panel, Roof and AC types of Daihatsu D94L. Mr. Mark Anthony Carreon who was appointed to manage the team will start the preparation for study event on June 24, 2019 and continue their effective planning for mass production on April 2020. Another model of Mazda is J20E for electric vehicle will produce

harness which are mostly battery. This project will be handled by APQP Team headed by Mr. Jeremie Pitargue. Preparation for its study is early September this year while mass production is on May 2020. Project Managers and their members

Mazda J20E

took a pledge to take the responsibility and lead the team towards the set goal in producing and delivering quality wire harness to the customer.

Health Tip of the Month

By: Mary Jane San Diego, RN (HR & GA)

FLU PREVENTION

How Health Care Workers Stay Healthy During Flu Season

101

6 top tips from the frontlines

1. Wash Your Hands

Wash your hands well after using the washroom, and before touching your face or eating.

2. Get Your Flu Shot

It will take about 2 weeks for the flu vaccine to offer protection so get your shot early.

3. Boost Your Immune System

Eat a balanced diet, get enough sleep, limit alcohol intake and exercise.

4. Keep Surfaces Clean

Clean shared surfaces often and keep a bottle of hand sanitizer handy.

5. Stay Home When Sick

Prevent the spread of the flu by staying at home and also keeping sick children out of school and daycare.

6. Get More Information

Contact your local Public Health Unit for more information and vaccine clinic dates.

What Nature Suffers

By: Judy Ann Magadia, (ED/ESH)

Open Drainage systems,
Human beings do not realize,
Struggling and surviving human prefers
One day, nature will surely suffer.

Factories and industries releases harmful gases,

Unaware human being still careless

What will happen to the world?

This is my concern for tomorrow's world.

Increasing automobiles on rise

release dangerous carbon mono-oxide,

contributing pollution in day to day life

Spoiling the nature, destabilizing life,

Let's rise to occasion and minimize the pollution,

Save the nature and avoid congestion,

If nature continue to suffers,

Generation next shall curse their mentors.

Let's pledge, not to play with nature more,

Plant more trees, save pollution and be assure,

Nature will pay back all the dividends,

Giving generation next, a healthy and safe land.
