"Plant a Tree. Grow a Flower..." Let's give mother Earth back her Power

By: Judy Ann Magadia, (ED/ESH)

In Celebration of Environment Month and to help in the conservation of Watershed and Eco-System, last July 19, 2019 LIMA Organization of Pollution Control Officers (LOPCO) conducted its 5th "Tree Planting and Nurturing Activity" at Brgy. Palma, Alaminos, Laguna in Coordination with the Barangay Officials, National Power Corporation and Mt. Malabayal Watershed

Protection Council Inc. (MMMWPCI). Twenty six Companies including FALP participated in the activity with our PCOs, Judy Ann Magadia, Allen Mendoza, Mark Julius Vicencio, EMR Sir Nas Mabborang and EMS Committee member, Sarah Jane Arante. Before the start-up of the activity, planting and safety reminders

were given by the MMMWPCI Personnel for the safety of the participants. Despite of the not so good weather condition that caused difficulty in climbing and going down of the mountain that we experienced, all participants didn't felt it at all just to achieve the purpose of the activity. Our organization not just planted 1,500 indigenous seedlings but will also ensure survival of the plants for a period of 3 years.
